FOR CHANGE OF WATER TO INCLUDE ALTERNATE POINT OF DIVERSION 2. Decreed Water
Right for Which Change is Sought: The Little Ditch 2.1. Date of Original Decree and Relevant Subsequent
Decrees and Appropriation Dates: The Little Ditch water right was originally decreed on May 10, 1889
in Case No. CA-133 by the District Court of the Ninth Judicial District of the State of Colorado, sitting
in and for the County of Garfield, in which action the Little Ditch was awarded Priority No. 33 in the
amount of 3 c.f.s. with an appropriation date of April 5, 1886. An enlargement of the Little Ditch water
right was decreed on October 10, 1906, and awarded Priority No. 161 for an additional 2.8 c.f.s. to the
Little Ditch water right with an appropriation date of April 1, 1901. A second enlargement of the Little
Ditch water right was decreed on May 26, 1942 in Case No. CA-624 by the District Court of the State of
Colorado within and for the County of Rio Blanco, with Priority No. 395 in the amount of 4.08 c.f.s. with
an appropriation date of April 15, 1902. 2.2. Total Amount Decreed to Little Ditch: 9.88 c.f.s. 2.3. Source:
White River. 2.4. Use: Irrigation. 2.5. Point of Diversion: Per the decree entered on October 10, 1906,
the point of diversion for the Little Ditch is on the White River at a point on and near the SE corner of
the NE¼ of NE¼ of Section 33, Township 3 North, Range 97 West. The point of diversion for the Little
Ditch was subsequently described by the Court in Case No. CA-624 as being on the left bank of the White
River at a point whence the north quarter corner of Section 33, Township 2 North, Range 97 West of the
6th PM, bears North 77 degrees 04 minutes West, 3402.2 feet, hereinafter the “Originally Decreed Point
of Diversion.” The Originally Decreed Point of Diversion was changed by decree entered by this Court
on December 3, 2023 in Case No. 22CW15, to what is now the “Current Decreed Point of Diversion,”
described as follows: a point on the White River located on the West bank of the White River in the NW
¼ of the NW ¼ of Section 34, Township 2 North, Range 97 West of the 6th P.M., in Rio Blanco County,
Colorado, at the following UTM coordinates (Zone 13): Easting: 220963.8m Northing: 4444598.1m 2.6.
Description of Change Requested. Diversion of the Little Ditch Water Right occurs at the Current Decreed
Point of Diversion by gravity. However, flows in the White River drop below the existing headgate for the
Little Ditch, making it impossible to divert the Little Ditch Water Right by gravity at the Current Decreed
Point of Diversion, despite there being sufficient flow in the White River to satisfy the Little Ditch Water
Right in priority. As such, Applicant seeks a decree from this Court approving a change of the Little Ditch
Water Right to allow Applicant to divert such right at both the Current Decreed Point of Diversion, and
an alternate point of diversion (the “Little Ditch – APOD”), by means of a pump at a point located on the
West bank of the White River in the SE ¼ of Section the SE ¼ of Section 28, Township 2 North, Range 97
West, West of the 6th P.M. at a point 1,600 feet downstream of the Current Decreed Point of Diversion. The
location of the Little Ditch - APOD is at a point with UTM Coordinates (Zone 13T): Easting: 220703.0m
Northing: 4444998.0m 2.7. Remarks: There are no intervening water rights between the Current Decreed
Point of Diversion and the Little Ditch – APOD. Applicant is not requesting any other change to the Little
Ditch Water Right, other than the right to divert such Water Right at the Little Ditch – APOD. The maxi-
mum decreed flow rate for the Little Ditch Water Right, described in 2.2 above, is the combined maximum
instantaneous flow rate that may be diverted at the Current Decreed Point of Diversion and the Little Ditch
– APOD. Water shall only be diverted at the Little Ditch – APOD when it is physically and legally available
at the Current Decreed Point of Diversion. Name and Address of Owners of Structures and Land: Applicant
owns the land where the Little Ditch - APOD is located. This application consists of 4 pages.

**The water right claimed by this application may affect in priority any water right claimed or hereto-
fore adjudicated within this division and owners of affected rights must appear to object and protest
within the time provided by statute, or be forever barred.**

You are hereby notified that you will have until the last day of **April 2024** to file with the Water Court a
Verified Statement of Opposition, setting forth facts as to why a certain Application should not be granted
or why it should be granted only in part or on certain conditions. A copy of such Statement of Opposition
must be served on the Applicant or the Applicant's Attorney, with an affidavit or certificate of such service
being filed with the Water Court, as prescribed by Rule 5, C.R.C.P. The filing fee for the Statement of
Opposition is \$192.00, and should be sent to the Clerk of the Water Court, Division 6, 1955 Shield Dr. Unit
200, Steamboat Springs, CO 80487.
